

Resilient Connecticut 2.0 Phase II

Regional Adaptation/Resilience Opportunity Areas

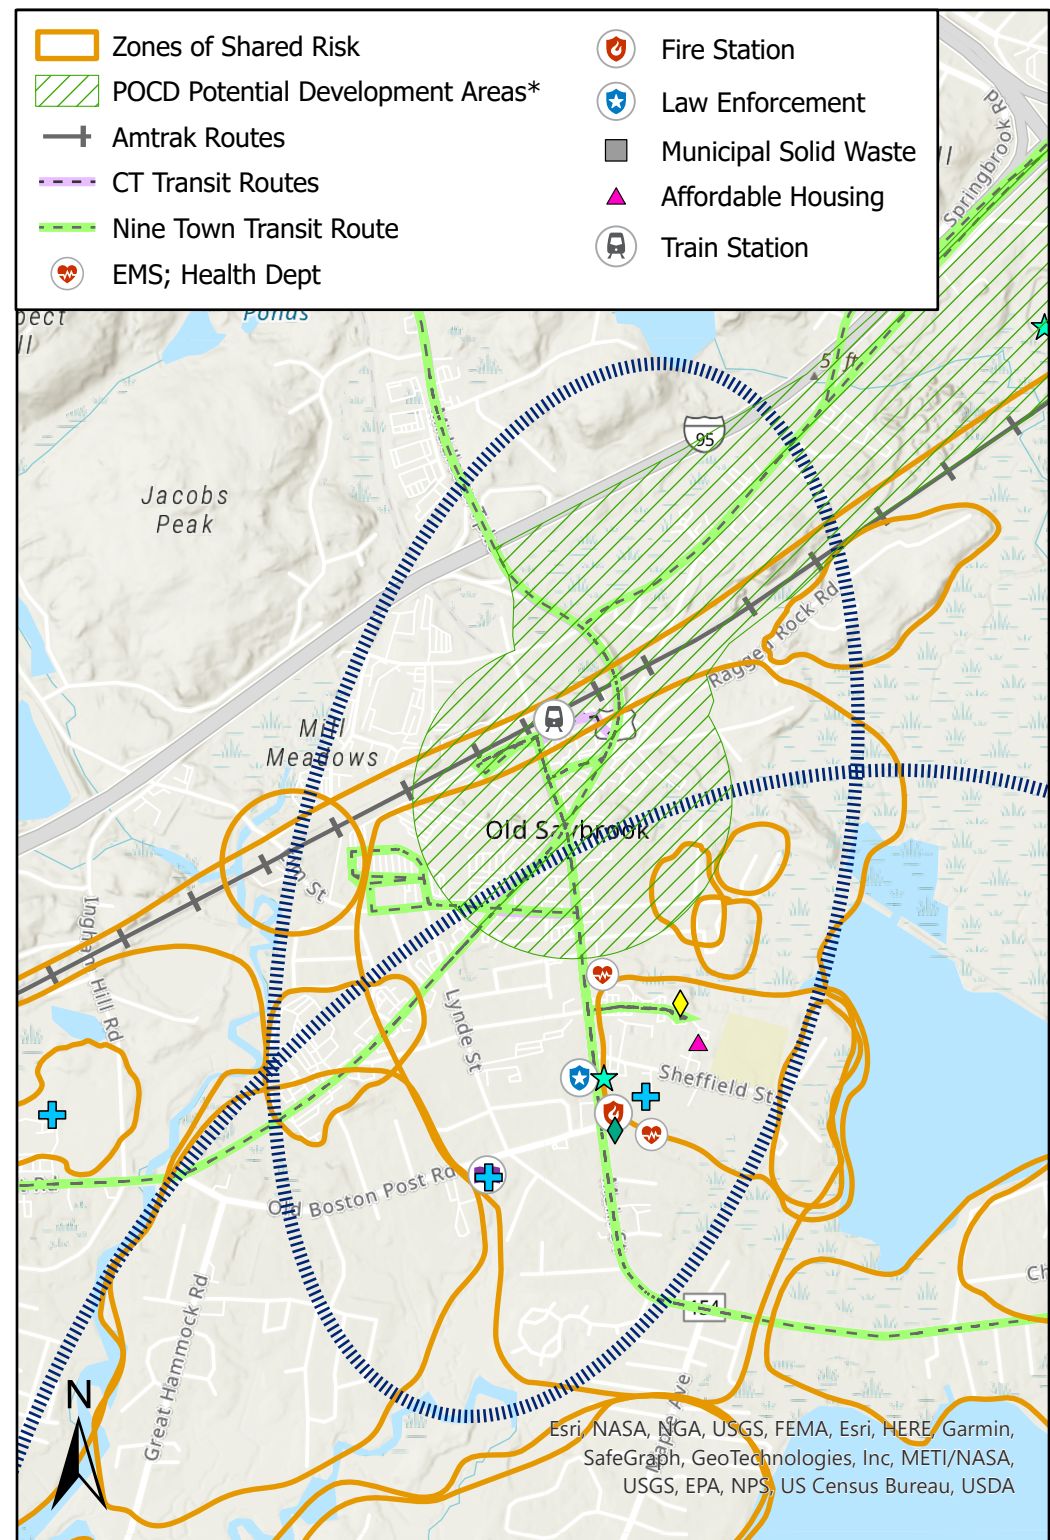

Name: Old Saybrook Center

Location: Old Saybrook

| Consideration | Characteristics of Area | | | | |
|----------------------|-------------------------|---|---|---|--|
| Flood Vulnerability | ● | ● | ● | ● | |
| Heat Vulnerability | ● | ● | ● | | |
| Social Vulnerability | ● | ● | ● | | |

Old Saybrook Center contains a cluster of critical facilities, including emergency services, municipal buildings, and senior housing. Regional transportation assets include the Shoreline East and Amtrak train lines, as well as the Nine Town Transit bus line. Heat and flood vulnerability is moderate to high. The Town of Old Saybrook is actively involved in resilience planning, and the 2018 Coastal Resilience and Adaptation Study names the Town Center as a key area to protect over the long term.

| | |
|--|------------------------------------|
| Connecticut River Area Health District | Old Saybrook Ambulance Association |
| Old Saybrook Police Department | Acton Public Library |
| Estuary Senior Center | Saye Brook Village Housing |
| Town Hall | Amtrak Train Station |
| Old Saybrook Fire Department | The Kate Cultural Arts Center |

*Areas identified in POCDs as supporting development, redevelopment, or other types of economic activity

Connecticut Resiliente 2.0 Fase II

Áreas Regionales de Oportunidad de Adaptación/Resiliencia

Nombre: Old Saybrook Center

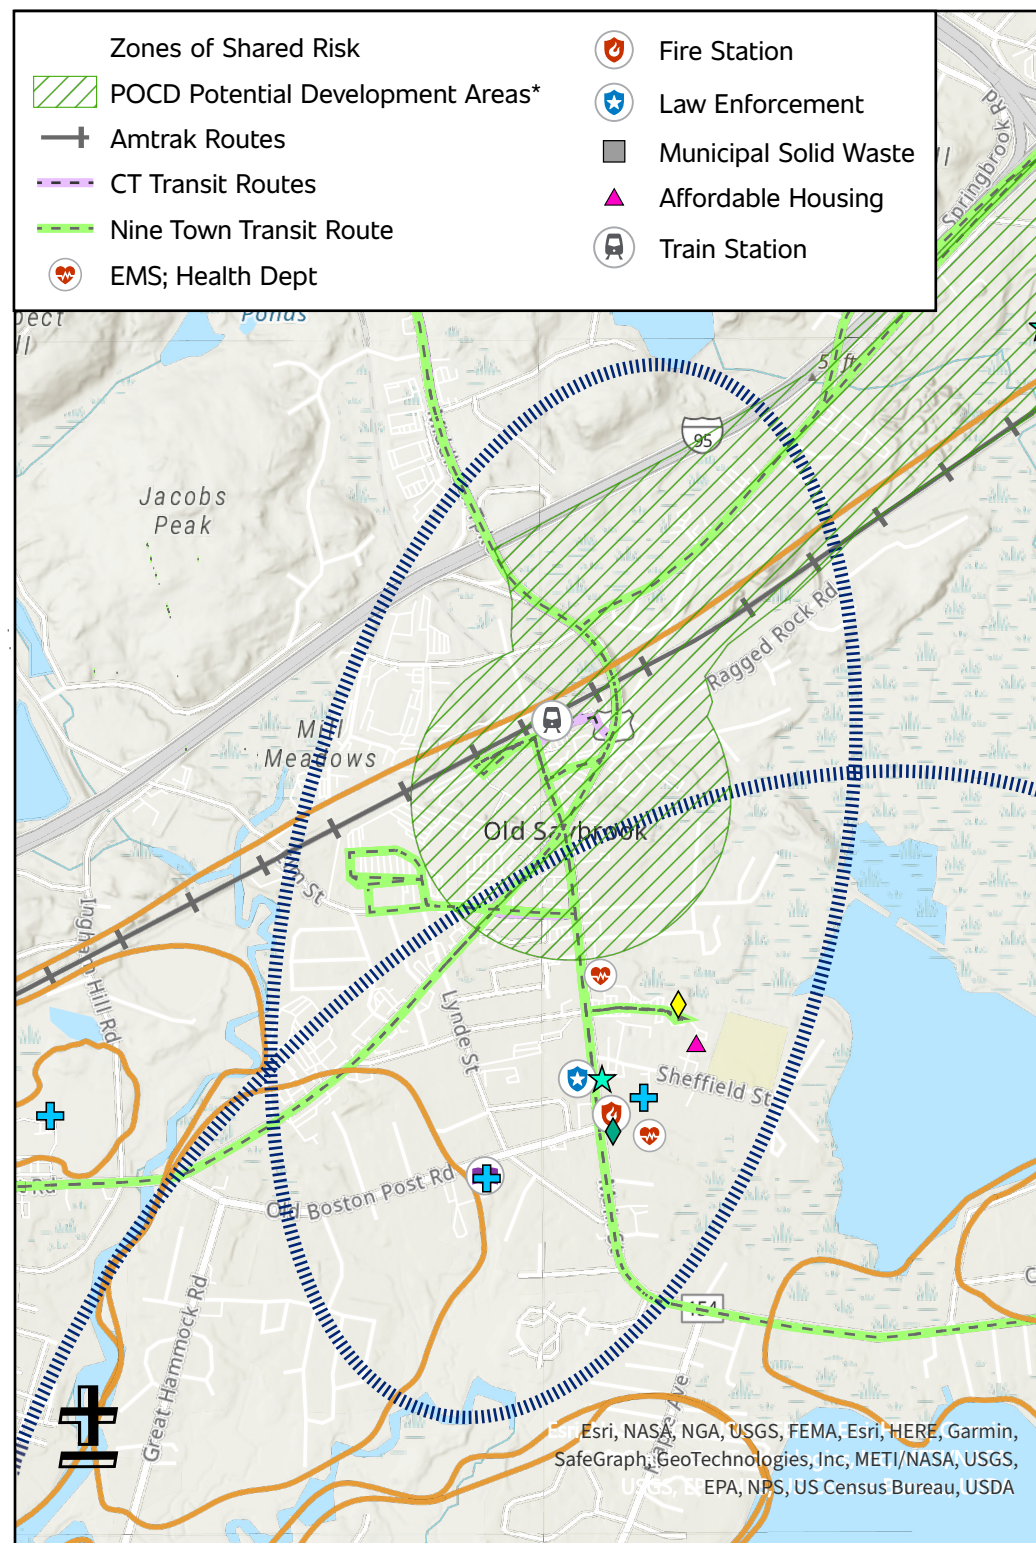

Localización: Old Saybrook

| Consideración | Características de la zona | | | | |
|-------------------------------|----------------------------|---|---|---|--|
| Vulnerabilidad a Inundaciones | ● | ● | ● | ● | |
| Vulnerabilidad al Calor | ● | ● | ● | | |
| Vulnerabilidad Social | ● | ● | ● | | |

Old Saybrook Center contiene un grupo de instalaciones críticas, incluidos servicios de emergencia, edificios municipales y viviendas para personas mayores. Los activos de transporte regional incluyen las líneas de tren Shoreline East y Amtrak, así como la línea de autobuses Nine Town Transit. La vulnerabilidad al calor y a las inundaciones es de moderada a alta. La ciudad de Old Saybrook participa activamente en la planificación de la resiliencia, y el Estudio de Resiliencia y Adaptación Costera de 2018 nombra al Town Center como un área clave para proteger a largo plazo.
